OVERVIEW

Broderick W Co is an agile, multi-disciplinary electrical services provider specialising in the design, manufacture and delivery of innovative electrical solutions to the resources industry.

Offering services to the exploration, production and renewables areas of the resources industry, our team consistently delivers high quality outcomes to our clients.

Broderick W Co is committed to partnering with our clients in a proactive manner to consistently produce high-quality outcomes.

Whether it is a new build, an asset upgrade or a time-sensitive field event, Broderick W Co has the ability to provide our clients with a timely and effective solution.

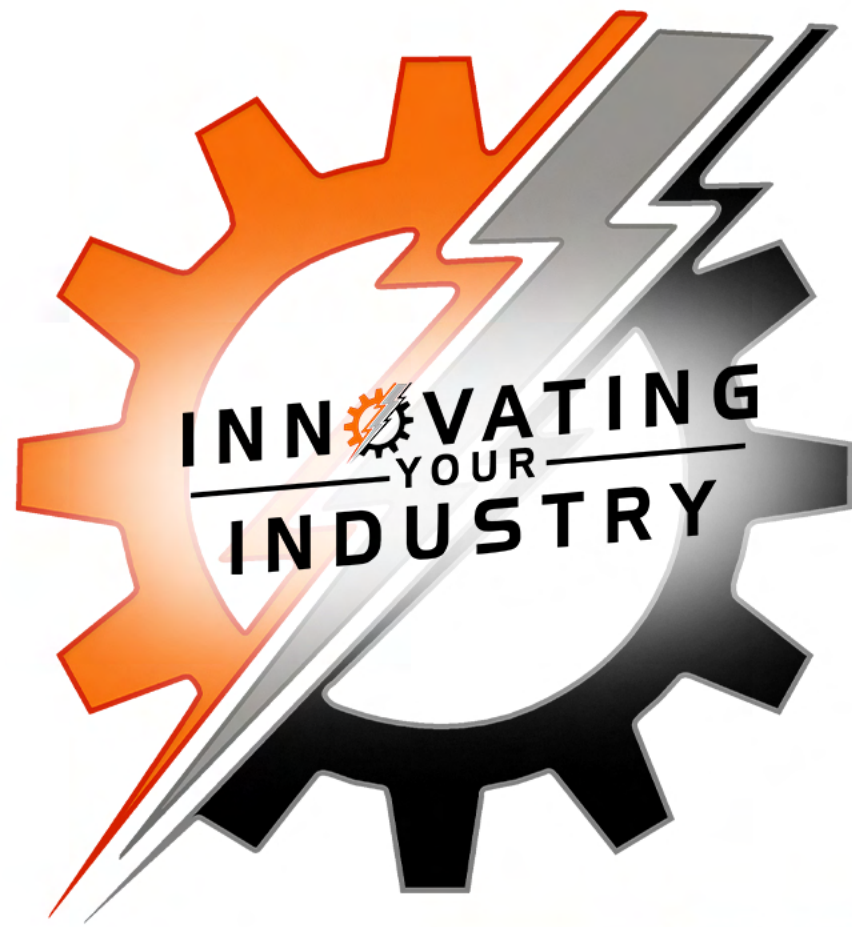

“A diverse team that gets the job done safely and efficiently.”

“BWC’s communication is great and quality of work is second to none.”

“Broderick and the team always do their best to ensure our downtime on machines is kept to a minimum and will go above and beyond where required.”

DESIGN

Beginning with client consultation and fit for purpose design, our offering will always meet or exceed client expectations.

MANUFACTURE

Broderick W Co manufactures many class-leading electrical components in its Perth facility using state of the art automated processes, ensuring cost efficient and accurate results for our clients.

DELIVER

Our team has the ability to fit and commission its manufactured products to a high standard, ensuring a seamless integration with client and third-party systems.

SERVICE

Broderick W Co is a leading provider of electrical service solutions to the resources industry with the ability to respond quickly to client needs both in metropolitan and regional WA, as well as interstate and internationally when required.

Many of our team members are **dual trades**. This enables a **deeper understanding** of client asset systems and ensures the provision of a **complete solution**.

THE WAY WE WORK

SAFETY

Safety is our number one priority. We have a zero-tolerance approach when it comes to unsafe or dangerous work practices and procedures. Working closely with the Mining & Exploration Industries our safety guidelines align with existing measures to ensure a secure work environment.

OUR MISSION

Be the leading specialist within the industry at a National and International level and to provide a high level of service to all of our existing clients.

OUR VALUES

Our people are reliable and strive for excellence in everything we do. With a passion for quality products, we take pride in our work and are committed to delivering the best service to our customers. We're all about our people and like to work as a team who value respect, loyalty and trust.

OUR VISION

Our vision is to grow and maintain our reputation as a trusted and respected leader in the automotive electrical industry. Broderick W Co will achieve this vision through sustained client partner focus over the long term.
